We consider ourselves one of the best classes to enter King Philip. We have the smartest, best-looking students, and we definitely have the best times! We have some very talented artists who are great at drawing animals and warriors. Admittedly, we were not always this great. Freshman year was kind of a drag because we were still transitioning. Sophomore year improved our outlook on high school and now that we are upper classmen we have developed into a well rounded class. During Hollywood night, we danced the night away. Later, we got everyone to rock out at Coffee House! We try not to dwell on the fact that "Salute Your Shorts" is no longer on the air. We do, after all, still have "Full House" reruns. Most of us are taking chemistry this year and are working on our final papers. The Class of 2007 has a charisma, a selfless side. We have reached out to the community through Leo Club. Everyone in our class is so close and we are always there to lend a hand. If we were a family, we would go on Double Dare 2007! Our class is very diverse, and we are always accepting new ideas and students. Our class is saving a lot of money on gym memberships because we have to park uptown and walk to school everyday. "If you can dodge traffic, you can dodge a ball." All together, we are very outspoken, outgoing, and optimistic. If King Philip gives us fire, we will say whip out the marshmallows!

From the first day each student from the Class of 2008 walked into King Philip, our class has titled ourselves extraordinary. Throughout freshman year we all struggled with finding ourselves and trying to fit in with the much older, cooler kids! When attempting this, however, we discovered that we too are just as fun, outgoing, and "cool." In our second year of high school, our class has grown socially. Our diversity makes our class unique and better than the rest. Now in our sophomore year, we can look back on all the times worthwhile, such as the Pep Rally, Class Competition, and the Freshman Semi-Paris Nights. Our class has participated in community service efforts, such as the Katrina Fundraiser, which was a huge success. The talented athletes of the sophomore class far outweigh all the other athletes in the other grades. We know our sophomore class will leave a lasting impression as the most rowdy, untamed, and unrestricted class of King Philip. Although we all have our many obstacles, our class has always been able to stick together. With two years left, the Class of 2008 has started to look at what we can give back to King Philip and our community. We are almost out of the sophomore slump and the uphill battle...keep it real 2008!

What is your favorite movie genre?

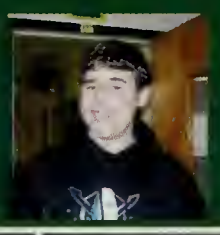

Romantic comedies, because I really enjoy the fairytale-like romance, and everyone likes to laugh!
-Tricia Lawler

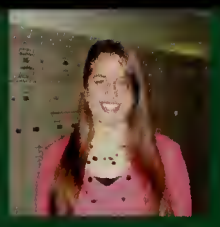

My favorite movie genre is definitely comedies. I mean, who doesn't like to go to a movie and laugh the whole time!
-Zak Short

Horror because you could never get bored during a good horror movie, you're always on the edge of your seat.
-Alex Wider

My favorite type of movie is comedy. I love it when you see a movie that keeps you laughing the whole time.

Tyler Smith

As freshman, we entered the halls of King Philip scared and confused, unsure of what was to come. We had to get used to the up and down staircases, upperclassmen, finding our way around the building, and avoiding being fooled by the seniors about the third floor "pool." It was not long until we started to feel comfortable, and began fitting in with the high school setting. Many of us joined sports and extra curricular activities to assure a good transition and a memorable high school experience. The activities included Leo Club, Student Council, Drama, Peer Leadership, SADD, Yearbook and Band. We feel that in time we will be more confident and ready to take on the challenges of high school. We are excited to see the results of the new building and are looking forward to being the first sophomore class to go through the doors.

What hopes do you have for the new school building?

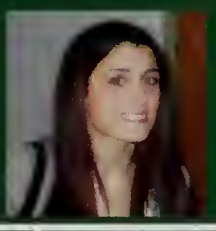

I am looking forward to the new computers we will be getting, new technology is long overdue at KP.
-Cara Savi

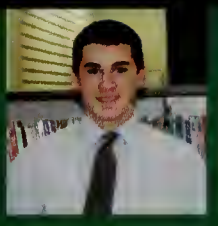

The new classrooms will be awesome. It will be great to not always be so crowded!
-John Raymond

I am looking forward to the new bathrooms. Hopefully they will be cleaner, smell better, and have a lot less graffiti.
-Cory Antenes

I'm looking forward to new lockers. Hopefully these ones will actually have enough room for all of our books.
-Joe Rose

The folk group, or the "Casual Folk Implosion," founded by Mr. Grover and the class of '04, is one of the most unique and exciting clubs at King Philip. It has been embraced by the students as well as faculty, especially those teachers lucky enough to be in the science hallway, for they are serenaded by the group's melodic resonance and angelic singing every Thursday afternoon. Since the group's inauguration, it has attracted musicians willing to take a dip into the unfamiliar waters of folk music, and the members can truly say that it's a swim that has opened their minds and their souls to a new musical frontier: the boundless world of folk music.

A WORLD OF DIFFERENCE PLEDGE

I pledge from this day forward to do my best to interrupt prejudice and to stop those who, because of hate, would hurt, harass or violate the civil rights of anyone. I will try at all times to be aware of my own biases against people who are different from myself. I will ask questions about cultures, religions and races that I don't understand. I will speak out against anyone who mocks, seeks to intimidate or actually hurts someone of a different race, religion, ethnic group or sexual orientation. I will reach out to support those who are targets of my harassment. I will think about specific ways my school, other students, and my community can promote respect for people and create a prejudice-free zone. I firmly believe that one person can make a difference and that no person can be an "innocent bystander" when it comes to opposing hate. By subscribing to this pledge, I recognize that respect for individual dignity, achieving equality, and opposing anti-Semitism, racism, ethnic bigotry, homophobia, or any other form of hatred is a non-negotiable responsibility of all people.

Success by R.W. Emerson

To laugh often and much;

To win the respect of intelligent people and the affection of children;

To earn the appreciation of honest critics and endure the betrayal of false friends;

To appreciate beauty, To find the best in others,

To leave the world a bit better, whether by a healthy child, a garden patch or a redeemed social condition;

To know even one life has breathed easier because you have lived.

This is to have succeeded.

Danielle,
Wishing you success ....
today, tomorrow and always.

August

25 Hurricane Katrina strikes Florida.

28 Mandatory evacuation of both New Orleans and Mississippi is ordered as Katrina becomes a Category 5 storm in the Gulf of Mexico.

29 Downgraded to a Category 4 storm, Katrina hits land. 1.3 million homes and businesses lose electricity in Louisiana, Mississippi and Alabama. 30 levees are breeched, flooding New Orleans and leaving 100,000 people stranded. After slow government response, civil unrest and looting begins.

31 President Bush surveys the damage.

September

1 30,000 National Guard troops are deployed. Gas prices spike to as high as $5 per gallon.

2 President Bush visits Louisiana and signs a $10.5 billion relief bill. Nearly 154,000 evacuees arrive in Texas.

4 The New Orleans Superdome is evacuated.

6 President Bush and Congress pledge to investigate the flawed disaster response.

9 Government-issued debit cards are distributed to evacuees. The program fails and is ended days later.

12 Michael Brown, head of the Federal Emergency Management Agency, resigns. Flooding is down to 50 percent in New Orleans.

14 New Orleans Mayor Ray Nagin announces a phased repopulation plan.

15 New Orleans begins to reopen. Katrina is named the most destructive hurricane in U.S. history.

20 Louisiana Governor Kathleen Blanco declares a state of emergency as Hurricane Rita strengthens off the coast.

22 Rita hits the Louisiana coast and heads for Texas.

23 Thousands evacuate eastern Texas and the 9th Ward of New Orleans floods once again after levees are overrun.

October

24 Hurricane Wilma hits southwest Florida.

Hurricanes ravage the Gulf Coast region in the fall of 2005, posing an unprecedented test of the United States federal emergency response efforts. Hundreds of lives are lost and thousands are left homeless in the wake of Category 4 Hurricane Katrina, followed by Rita and Wilma. The tragedy spurs contributions of money, talents, homes, food and more in an attempt to raise spirits and rebuild the area.

RISING FROM THE STORMS

Louisiana Governor Kathleen Blanco, President Bush and New Orleans Mayor Ray Nagin survey the damage in New Orleans.

Many animals left behind during evacuation are rescued and given shelter or reunited with their owners.

Thousands of Louisiana evacuees receive shelter and medical care in the Astrodome in Houston, Texas.

Homes across the country are opened to families left homeless in the wake of Hurricane Katrina.

Thousands of volunteers help Habitat for Humanity rebuild homes in Louisiana, Mississippi and Alabama.

Three months after Katrina strikes, the first New Orleans public school reopens on November 28.
